- Pursue MS / MBA / Ph.D from abroad
- More than 700+ selections & scholarships since 2008

Serving students since

12 YEARS

Founded in 2008, Meridian has been the leader in providing guidance and creating awareness amongst students about various study abroad options and encouraging them to pursue higher studies abroad. Be it **Masters** or **Ph.D.** in any branch or stream of **Engineering, Arts, Commerce or Literature**, our students have excelled in every field. Since then we have grown into a committed team of professional advisor's & researchers. Our expertise, experience & Methodology have resulted in students seeking our advice from different places of India.

Our efforts are not just aimed at the affluent class but we have tried to extend our services to the middle class and lower middle class students by instilling in them the desired confidence and making them realize that if planned properly, it is possible to complete the graduate education abroad in a very affordable manner. We offered complete professional services to students assisting them with identifying universities overseas, maximizing their prospects of financial aid and admissions.

No matter where you live in India or outside India we will help you through the entire application process from university selection till the visa stage.

Given below are the glimpses of our achievements
